GOOGLE BUSINESS PROFILE · STATUS CHECK

Business Profile Checkup

Web Digital Development ki Google listing ka current status — kya sahi hai, kya pending hai, aur kis order mein karna hai.

Date 30 Aug 2026 Listing Web Digital Development, Palam Rating 5.0 · 29 reviews

Setup theek kiya gaya hai. Naam, category, address, website, phone, attributes — sab sahi set hain. Ye achhi baat hai, base solid hai.

Problem setup mein nahi, uske baad ke kaam mein hai. Reviews aana lagbhag band ho gaya hai, services list khali hai, aur ek saal se koi post nahi gayi. Google active profiles ko upar rakhta hai — jo profile chal nahi rahi, wo Map Pack mein neeche chali jaati hai.

Isi wajah se jab "Web Digital Development Palam New Delhi" search karo, toh listing aati hi nahi. Sirf broad search mein aati hai.

Jo sahi hai

7 ITEMS

✓ **Business name saaf hai**

"Web Digital Development" — koi keyword thusa hua nahi. Ye sahi hai, keyword daalne par listing suspend ho jaati hai.

✓ **Primary category sahi hai**

"Website designer" — ranking ke liye yahi best category hai.

✓ **Address visible hai**

Block B, Mangalpuri II, Palam, New Delhi 110045. Address chhupane se rank kamzor hota hai, isliye visible rakhna sahi hai.

✓ **Website field mein .com hai**

Purana .in nahi. Ye zaroori tha.

✓ **Rating 5.0 hai**

Jitne bhi reviews hain, sabhi 5-star. Quality theek hai.

✓ **Reviews ka reply diya ja raha hai**

Har review ka jawab hai. Google ko active business ka signal jaata hai.

✓ **Attributes set hain**

Women-owned, on-site services, online appointments — sab tick hain.

Jo theek karna hai

6 ITEMS

✕ Timing galat hai

Profile par "Closes 5 pm" likha hai. Website par Mon–Sat 10 AM – 7 PM hai. Customer 6 baje call nahi karega kyunki Google bata raha hai band ho gaya.

> **KARNA HAI**
> Edit profile → Hours → Mon–Sat 10:00 AM – 7:00 PM, Sunday Closed. 1 minute ka kaam.

✕ Services section khali hai

Ek bhi service add nahi hai. Har service ek alag entry banti hai aur relevant searches mein help karti hai.

> **KARNA HAI**
> Edit profile → Services → 8 services add karo. Text neeche diya hua hai, bas paste karna hai.

✕ Reviews aana band ho gaya

Pichle ek saal mein bahut kam reviews aaye. Google review ki *recency* ko bahut weight deta hai — purane reviews ka asar kam hota jaata hai.

> **KARNA HAI**
> Roz 8–10 purane clients ko review link bhejo. Ek din mein 30 mat karwana — spike se Google ka spam filter trigger hota hai aur reviews hat jaate hain.

✕ Koi GBP Post nahi hai

Updates section poora khali hai. Posts 7 din baad purane pad jaate hain, isliye regular chahiye.

> **KARNA HAI**
> Har hafte 1 post — naya delivered project, ek offer, ya blog ka link. Photo ke saath.

✕ Q&A khali hai

Koi sawaal-jawab nahi. Ye section khud bhar sakte ho, Google allow karta hai.

> **KARNA HAI**
> 5–6 common sawaal daal ke unke jawab do — "Website banane mein kitna time lagta hai?", "Kya aap Noida/Gurgaon mein kaam karte ho?", "Website ka kitna kharcha aata hai?"

✕ Description confirm karni hai

Public page par business description dikh nahi rahi. Ho sakta hai khali ho.

> **KARNA HAI**
> Edit profile → About → Business description check karo. Khali ho toh neeche wala text paste kar do.

Asli problem — reviews ka number

Ye wahi businesses hain jo Google Maps par "Web Digital Development" search karne par saath mein aate hain. Yani yahi humare direct competitors hain:

BUSINESS	REVIEWS	RATING
Webclick Digital	6,567	4.9
Webomedia Technology	560	4.8
Freelance web developer India	428	5.0
Digital Web Future	105	5.0
Sam Digital Media	68	4.8
Web Digital Creator	56	4.9
Digital Webster	35	4.8
Web Plus Era	35	4.8
Web Digital Development	**29**	**5.0**

Source: Google Maps, 30 Aug 2026

Rating humari sabse achhi hai, par count sabse kam. Map Pack mein rating se zyada review ka *number* aur *kitne naye hain* ye matter karta hai. Baaki sab theek karke bhi, jab tak reviews nahi badhenge, listing upar nahi aayegi.

Target: **30 din mein 45 reviews, 90 din mein 70+.** Roz 8–10 purane clients ko message — bas itna kaafi hai.

Kis order mein karna hai

1 **Aaj — timing theek karo**

Hours 10 AM – 7 PM, Sunday closed. 1 minute lagega, par abhi customers ko galat info ja rahi hai.

2 **Aaj — reviews maangna shuru karo**

Review link nikalo aur roz 8–10 purane clients ko WhatsApp par bhejo. Ye sabse zyada asar wala kaam hai, aur sabse jaldi shuru hona chahiye.

3 **Is hafte — services aur description**

8 services add karo aur description check/paste karo. Text neeche ready hai.

4 **Is hafte — Q&A bharo**

5–6 common sawaal aur unke jawab.

5 **Har hafte — 1 post + 2-3 photos**

Naya project, offer, ya blog link. Isse profile active dikhti hai.

Ready text — bas copy-paste

Business description

ABOUT → BUSINESS DESCRIPTION

Web Digital Development is a website design and development company based in Palam, New Delhi, serving businesses across Delhi NCR since 2019. We build fast, mobile-first, conversion-focused websites — from small business sites and e-commerce stores to custom web applications. 8 services

1 · WEBSITE DESIGNING

Custom, mobile-first website design for businesses in Delhi NCR. Figma prototypes before development, conversion-focused layouts, and revisions at the design stage.

2 · WEBSITE DEVELOPMENT

Custom-coded, fast-loading business websites built with modern technology. Fully responsive, SEO-ready, with post-launch support.

3 · ECOMMERCE WEBSITE DEVELOPMENT

Online stores with payment gateway, GST invoicing, COD and inventory management. Built for Indian businesses.

4 · SEO SERVICES

Local and national SEO for Delhi NCR businesses. Technical SEO, on-page optimisation, Google Business Profile setup, and content that ranks.

5 · DIGITAL MARKETING

Google Ads, Meta Ads and social media management for small businesses. Lead-focused campaigns with transparent reporting.

6 · GRAPHIC DESIGNING

Logo design, brand identity, social media creatives, brochures and marketing collateral for businesses across Delhi NCR.

7 · WORDPRESS WEBSITE	8 · MOBILE-FIRST DESIGN
WordPress website design and development with an easy-to-manage admin. Custom themes, speed optimisation and maintenance.	Websites designed for mobile first, because most Indian traffic is mobile. Fast load times and clean layouts on every screen.

Do cheezein bilkul mat karna

✕ **Business name mein keyword mat jodna**

"Web Digital Development — Website Design Company in Delhi" jaisa kuch nahi. Ye suspension ka sabse bada reason hai. Naam waisa hi rakhna jaisa abhi hai.

✕ **Reviews khareedna nahi**

Fake reviews pakde jaate hain. Reviews hat jaate hain aur listing permanently suspend ho sakti hai. Sirf asli clients se maangna.

Data: Google Maps aur Google Search se live check kiya gaya, 30 August 2026.
